

Maryland Consortium for Adjunct Faculty Professional Development

19TH ANNUAL MCAPD ADJUNCT CONFERENCE

CCBC Owings Mills campus | 10300 Grand Central Ave, Owings Mills, MD 21117

Saturday, October 10, 2026 | 8:30 AM—3:30 PM

Human-Centered Teaching in a Time of Accelerated Change

[SUBMIT PROPOSALS HERE: DUE MAY 31, 2026](#)

2026 Workshop Themes

Responsible use of AI in teaching and learning

Explores ethical, transparent, and pedagogically sound ways to use AI tools that support, not replace, human judgment and instructional integrity

Innovations in teaching

Showcases creative, evidence informed teaching strategies and new approaches that enhance engagement, flexibility, and learning outcomes.

Building community in the classroom

Highlights practices that foster belonging and collaboration among diverse learners in both physical and virtual environments.

Supporting learner success

Focuses on approaches that remove barriers, promote equity, and strengthen academic and personal success for all students.

Promoting faculty resilience

Highlights strategies that help faculty adapt to change and strengthen their capacity to navigate evolving teaching environments with confidence and purpose.

AI tools may be used to assist in drafting proposals; however, all submissions must present accurate information grounded in evidence, established practice, or original experience. Presenters are responsible for verifying the accuracy of all content

Designed for connection: limited to 100 participants. We anticipate strong interest and recommend registering early.
